

# I May Lose Everything

Ministry of Magic

I've been so scared of this dangerous moods  
But I'm finding, I'm so much different than you  
And it has to come to who we choose to be

And I may lose everything  
But you never had it, had it  
Where I was felt nothing  
Now I feel sorry, sorry for you  
I may lose everything  
But you never had it  
Now I feel sorry, sorry for you

You lost old man, watch him whrithe on the congrate  
Look at me boy, you pathetic, you're so weak  
You are a fool and yuo will lose everything

And I may lose everything  
But you never had it, had it  
Where I was felt nothing  
Now I feel sorry, sorry for you  
I may lose everything  
But you never had it  
Now I feel sorry, sorry for you

Don't back down  
Don't back down  
Don't back down

Don't back down  
Don't back down  
Don't back down

(Don't back down)  
I may lose everything  
(Don't back down)  
But you never had it  
(Don't back down)  
Now I feel sorry, sorry for you  
I may lose everything  
(I may lose everything)  
But yyou never had it, had it (don't back down)  
Where once i felt nothing  
Now I feel sorry, sorry for you
