Ministry

Cuttin' pictures from a magazine  
...paper smile but not from you to me  
Another statue in a?  
A breakfast alone  
Another compromising?  
Another game show

The game show  
The game show

I pass the time away before I sleep  
I have your picture sitting next to me  
I taped your picture in a book  
Don't bother reading I just take a look  
Don't have to turn the page before I know  
So full of answers I don't need to know  
I like to take control  
I like the game show

Don't have to turn the page before I know  
You ask me questions I already know  
The time has finally come to let it go  
I like to take control
