

# Completeness

Minnie Riperton

You are my completeness beloved  
Every breath of you is my life  
Fill me with your own lover's magic  
Make me know that I am alive

I need you, my love  
Complete me, my love  
Be tender, my love  
I need you, my love

Live in rapture, loving, needing, teasing, pleasing, sharing, caring  
Waken me, my love; cherish me, my love  
I belong to you

Tender moments with you enchant me  
Kiss me, make my world fade away  
Love me as I want you to love me  
Make the night melt into day
