I'm just standing here but cool drips down my body
That overwhelming feeling I give is like a monster truck,
Y'all are just rented trucks
Conquered the stage, I flew around like a bomber
I can outstrip a lightening bolt
Y'all can't even be thunder
I planted it
All the ways of a rude dog
People wearing colored glasses
Get their noses twisted
Turn up from the way top

Only I can do this, bomb attack
You can try to follow me
But you'll just get crapped on and cry
Welcome to my palace
Others just get jealous
I'll take you to a wonderland
Y'all be my alice
This beat is alcohol
I'm the Jackie Chan of rap
Drunk on the stage
If you feel me, follow

Call your friends and gather, let's party all night
Whoever throws up tissues, you'll get kicked out
Right now I feel so high
If we run out, order up a hundred champagnes
Call your friends and gather, let's party all night
Whoever blows a whistle, you'll get kicked out
Right now I feel so high
If we run out, order up a hundred champagnes

Everyone get down, let's go
Just get down, let's go
Get messed up and drunk
Everyone get down, let's go
Get messed up and drunk
Just get down, let's go

This is my voice
Polar opposite of silence
A dog is on stage
Barking passion and fighting spirit
A crazy rude dog's animal instinct takes over my body
Holy I love it baby shake fat
A dance on me
When I rap, I'm intoxicated, feels like I'm next to a plane
Losing my mind, my instincts take care of me
Without Bobby on the stage or beat
Can't dare to reach the crazy coolness in front of the audience
I feel like I'm Michael
When I'm up on the stage
A legend on top of the air
On top of the moon, walking all day
Man, if you're a man, the first position is on top
Then you can do something
If you feel me, follow me

Call your friends and gather, let's party all night
Whoever throws up tissues, you'll get kicked out
Right now I feel so high
If we run out, order up a hundred champagnes
Call your friends and gather, let's party all night

Everyone get down, let's go
Just get down, let's go
Get messed up and drunk
Everyone get down, let's go
Get messed up and drunk
Just get down, let's go

When I go home, call me a designated driver
There is something at the end of this night
When I go home, call me a designated driver
There is something at the end of this night

Everyone get down, let's go
Just get down, let's go
