

## Can't Get Away

Mint Condition

All my friends keep telling me, saw you with some dude, why am I a fool, why am I a fool,  
I know you lie to me and you never tell the truth, gotta get away from you, get away from you...  
But you always find a way to pull me back inside, wasting all my time..girl you got my mind  
Wish I could stop thinking bout you up in my bed, stop messing with my head, messing with my head...

In my mind girl I can't get away from you...every night girl you are all that I want to do...  
If we're close girl I can't keep my hands off you...  
It's a fight girl but one that I always lose...  
Can't get away from you...from you, from you...  
Can't get away.

Once when you were down and out, you were so confused...  
didn't know what to do ...no one to turn to..  
The things that happened to you no girl should go through...but I took care of you, I took care of you...  
Things are going better now, back to your old ways,..now you running games, now you running games..  
Ran back to your ex and still holding on to me, ..Damn I can't believe, damn I can't believe...  
Now here at home alone,..he's with you doing, what I want to be doing...maybe taking off your clothes.  
What can I do, gotta stop thinkin bout you...

In my mind girl I can't get away from you...every night girl you are all that I want to do...  
If we're close girl I can't keep my hands off you...  
It's a fight girl but one that I always lose...  
Can't get away from you...from you, from you...  
Can't get away.
