Species II

Minuit

if this is peace then, i like it

if this is pain then, tell it from me i've seen worse

if this is hope then i like it, i want it, i'll take it
now

if this is truth then, i doubt it

if this is fiction then, it's more believable

if this is love then, it's nothing but i like it, i want
it, i'll take it now
