

## Fair Enough

Minus the Bear

Grief is the cost of love  
And I'm not rich enough  
I'm not rich enough

Thoughts put me back to that bar  
Where I can't stand up  
Try to find  
Try to find the exact moment  
When you turned it off  
Before you walked out on me

I don't feel love  
I can't feel you anymore  
I don't feel love  
I can't feel you anymore

If you play with a heart enough  
It turns to dust It turns to dust  
When you cut out the middle, you're living with a husk  
When I call out your name and you don't answer back  
I spiral down, down, down, down  
Down into the black

I don't feel love  
I can't feel you anymore  
I don't feel love  
I can't feel you anymore, anymore

You see I can't see through this understanding  
I can't see what you want me to say  
You throw the past at me like a stone  
And kick my dust in my bloodied face

Try to find Try to find the exact moment  
When you turned it off  
Before you walked out on me

I don't feel love  
I can't feel you anymore  
I don't feel love  
I can't feel you anymore, anymore

You see just where to lay me open  
I stay around just drinking my pain  
You throw my words at me like a stone  
And spit my lies back in my bloodied face
