

## Tour-spiel

Minutemen

Born in the shed with the guitar on  
we jammed the schtik to do four gigs.  
with bits and pieces  
of a working thesis  
we jammed the schtik to do four gigs  
now when we took me and d boon's  
and george's stench  
and put them up on stage  
we'd fight at practice  
then jam econo  
and spout the tour-spiel  
tour-spiel  
tour-spiel  
i dreamed I was e bloom  
but I woke up joe bouchard  
in some town out on the road  
with patent-leather boots on  
just like richard told me  
another hack on the "spectors" tour  
tour-spiel  
tour-spiel  
now you got your guitar  
and your practice amp  
you travel the usa in a van  
and troccoli's counting on some situation  
are you going to write the song I demand?  
and with the guitar turned off  
and the gas tank empty  
and the typewriter on  
but my head is empty  
and to really find me  
i've got to look inside me  
and cut the tour-spiel  
tour-spiel  
tour-spiel
