

## Green Jesus

Mipso

I was feeling bad  
I was all worn down  
I'd lost the sun behind an endless cloud  
Then I finally understood that childhood story  
That they shouted in our ears on Sunday morning

I found Jesus  
Green Jesus  
Pick me up right off my knees, Jesus  
If our savior's name is sweet relief and he came to bring us peace  
Then I'll pray each day to green Jesus

I took a nice deep breath  
I opened up those blinds  
I heard my favorite song just like the first time  
My neighbor asked, how are you?  
When I smiled and waved  
I looked him in the eyes and I said, saved

Cause I found Jesus  
Green Jesus  
Pick me up right off my knees, Jesus  
I'll close my eyes and breathe in deep  
And welcome sweet relief  
When I pray each day to green Jesus

Blessed rainfall and holy sun  
Makes green, sacred green to share with everyone

Sometimes I get mean  
I forget to sing  
It builds up my tension  
I've spent too long curling a fist  
Now I'm trying to unclench them  
I never knew the deadheads in my high school class  
I liked to show up early and talk too fast

Til I found Jesus  
Green Jesus  
Pick me up right off my knees, Jesus  
I'll close my eyes and start to sing  
And let that doorbell ring  
When I pray each day to green Jesus
