

## Love Again

Mipso

I think I'm falling in love again  
Like I was with you way back when  
It wasn't enough keeping up as friends  
I'm falling in love again

Though I dream about you every night  
Waking up never feels quite right  
I've been watching you move and keeping you in sight  
In my dreams almost every night

I think I'm falling in love for the first time  
Do you remember when  
We were falling in love  
for the first time again?

Found a picture of you today  
Thought I threw all of those away  
Some of these memories find a way to stay  
And I'm thinking of you today

Could have sworn I was moving on  
Could have sworn I would right my wrongs  
I didn't think that love could ever stay this long  
But I'm right back where I belong

A moment this easy, a feeling so right  
I find it appealing, the way that I'm feeling  
Feeling tonight  
What I'm feeling tonight

I think I'm falling in love for the first time  
Do you remember when  
We were falling in love  
For the first time again?

I think I'm falling in love all over again  
Falling in love for the first time again
