

Get The Gang Back

Miracle Of Sound

Well my friends, it's been a long, long time
But we're still kickin' and we're in our prime

Out of the glare of the limelight
Walking the path of the wise
We got the flare for a new fight
Flyin' the frantic skies

Oh!
Sendin' out a call!
Oh!
Watching over all, yeah we're gonna...

Get get the gang back together!
It's getting closer
Get get the gang back together!
Keep watching over

So grab the guys and gather up the girls
Join the threads to weave a better world

Bringin' the fire and the right stuff
Raining it down from above
Cavalry's here and we play rough
Cause losing is never enough

Oh!
Sendin' out a call!
Oh!
Watching over all, yeah we're gonna....

Get get the gang back together!
It's getting closer
Get get the gang back together!
Keep watching over

Are you with me my friends?
Let's see the world as it could be

Oh!
Sendin' out a call!
Oh!
Watching over all, yeah we're gonna...

Get get the gang back together!
It's getting closer
Get get the gang back together!
Keep watching over
