

Motor Girl

Miracle Of Sound

She's the screech of the tyres
She's the current in my wires

She is the voltage
She is the shock
She's my girl
My motor girl
The floor's on fire when
She starts to rock
She's my girl
My motor girl

She's the spark
Blows the fuse
She breaks my heart when
She sings the blues

She is the voltage
She is the shock
She's my girl
My motor girl
The floor's on fire when
She starts to rock
She's my girl
My motor girl

She blows my mind!!

She is the voltage
She is the shock
She's my girl
My motor girl
The floor's on fire when
She starts to rock
She's my girl
My motor girl
