

Skellige Winds

Miracle Of Sound

Skellige winds a wild a wild
Skellige winds a wild
Carry us on the tide the tide
Conquer the hills and isles

Oars in the morn and a tankard in the eve
Shores ever churn and the anchors ever heave
Oars in the morn
On the weather to weave

Skellige winds a wild a wild
Skellige winds a wild
Up on the peak unite, unite
Tether and reconcile

Borne through the storms, grant the rudders and oars relief
Forever warm pass the mutton & pour the mead
Borne through the storms
On the weather to weave

Waves a'roaring
Kindred on the sea
Sails a'soaring free

Waves a'roaring
War & revelry
Sails a'soaring free

Winter's frosted hues
Painting Freya's breast
Shelter in the womb, ever blessed

Waves a'roaring
Kindred on the sea
Sails a'soaring free

Waves a'roaring
War & revelry
Sails a'soaring free

Skellige winds a wild a wild
Skellige winds a wild

Skellige winds a wild a wild
Skellige winds a wild
