

Welcome Home

Miracle Of Sound

Come into this world of mine...
Here we go!!

Welcome home
Let me show you where I roam
Don't stray....

Well they build thier walls
Yeah I rip them down
Ain't nothing getting in my way!

When the madness
Screams inside me
Someone's gonna hear my voice...

Welcome home, my friend!
Yeah we're gonna have a good time
Welcome home again
Come into this world of mine

Brace and see...
Take my hand and follow me
Don't stray...

And I want it all
And I will take what's mine
Ain't nothin' getting in my way!

Welcome home, my friend!
Yeah we're gonna have a good time
Welcome home again
Come into this world of mine...

Let it go!!!!
We're gonna tear it up!
Tear it up tonight!
Tear it up!!

When the madness
Screams inside me
Someone's gonna hear my voice...

Welcome home, my friend!
Yeah we're gonna have a good time
Welcome home again
You're gonna wanna stay a while...

Welcome home, my friend!
Yeah we're gonna have a good time
Welcome home again
Come into this world of mine...

So come into this world of mine

We're gonna tear it up
You're gonna love it!
We're gonna tear it up

So don't ya worry now...
We're gonna tear it up
You're gonna love it!

So come into this world of mine
