

# Sundial

Mirah

We look to the strongest light in the sky  
We've been livin' here since the dawn of time  
We don't count the days, we've got the sun in sight  
And we've been watching you this whole while

(Ooh, ooh, ooh)  
(Ooh, ooh, ooh)  
(Ooh, ooh, ooh)  
(Ooh, ooh, ooh)

Some of us have roots and some have wings that fly  
But we are like you, we all get born and die  
We can teach you how to know what's wrong and right  
By showing you how much we love about this life

We don't take too much  
We have a light, it's just enough  
And when we go we don't mind  
We give life, we give life

Look at all the beauty that the light has raised  
A garden like a heaven on the earth we make  
Why would you go off lookin' for another whole world  
When you could just love this one that welcomes you there

(Ooh, ooh, ooh)  
(Ooh, ooh, ooh)  
(Ooh, ooh, ooh)  
(Ooh, ooh, ooh)
