

## Dark Bars

Miranda Lambert

I'm here for the habit  
Complementary matches  
The pretty bartenders  
The smoke and the mirrors  
The unhappy hour  
The bitters and sours  
Where nobody knows me  
Where I can be lonely

I'm not in pain, I'm not on pills  
But I'm still hanging out in dark bars  
On a bar stool for the cheap thrills  
Watching drunks all drown with no lifeguard  
'Cause I know a thing or two about broke hearts  
Neon truth can hit real hard  
In a dark bar

I can be reckless  
I can be desperate  
An invisible stranger  
Secrets never in danger  
And it ain't nothin' fancy  
'Cause the manager, Nancy

She's an old jukebox junkie  
She plays nothing but country

I'm not in pain, I'm not on pills  
But I'm still hanging out in dark bars  
On a bar stool for the cheap thrills  
Watching drunks all drown with no life guard  
'Cause I know a thing or two about broke hearts  
Neon truth can hit real hard  
Ooh

No, I'm not in pain, I'm not on pills  
But I'm still hanging out in dark bars  
On a bar stool for the cheap thrills  
Watching drunks all drown with no lifeguard  
'Cause I know a thing or two about broke hearts  
Neon truth can hit real hard  
In a dark bar
