1. I feel like the flowers in this vase
C **F**
He just brought 'em home one day "Ain't they beautiful" he said
C **F**
They been here in the kitchen and the waters turnin' gray
C **F** **C** **F**
They're sittin' in the vase but now they're dead... dead flowers

2. I feel like this long string of lights
They lit up our whole house on Christmas Day
But now it's January and the bulbs have all burned out
And still they hang, like dead flowers
