## Down

## **Miranda Lambert**

Down is where I'm goin' Pain is what I'm showin' Love is what I'm takin' Hearts are what I'm breakin'

There's a strong man lives up in Jackson Hole He took my heart and he broke my soul Left a dark place in my chest I sleep but I don't rest I sleep but I don't rest

So down is where I'm goin' Pain is what I'm showin' Love is what I'm takin' Hearts are what I'm breakin'

Met a little boy in Baton Rouge His eyes were clear and his heart was true I made that boy's heart scream my name But he didn't know the game No he didn't know the game

So down is where I'm goin' Pain is what I'm showin' Love is what I'm takin' Hearts are what I'm breakin'

You don't want to be standing there When the storm hits you won't have a prayer My wind will blow you to your knees Stay away from me Stay away from me Stay away from me

Oh yeah down is where I'm goin' Pain is what I'm showin' Love is what I'm takin' Hearts are what I'm breakin' Hearts are what I'm breakin'
