

# Holy Water

Miranda Lambert

They're sellin' snake oil from the pulpit  
At the church on Main  
They're makin' deals with the devil  
In the good Lord's name

I'm stuck at home missing a dirty soul cleansing  
Ain't got a dime for the tithe  
I believe amusing personal communion  
Can lead you right to the light

Give me some of that holy water  
A bit of that holy water  
Just a nip on that holy water  
Holy water gonna make us drown

They're pushin' concrete at the courthouse  
Whether you like it or not  
So tell the bank man to cash your pay-check  
So you can piss in a pot

I'm stuck at home wishin' I could just go fishin'  
And throw some bait on the line

You can't skip a stone where the rivers all but gone  
And there ain't even a cloud in the sky

Give me some of that holy water  
Just a bit of that holy water  
A nip of that holy water  
Holy water's gonna make us drown

Take us down

I need a sip of that holy water  
Just a bit of that holy water  
Just a nip of that holy water  
Holy water gonna make us drown

I want hit of that holy water  
A sip of that holy water  
Get a grip of that holy water  
Gonna drink it till we finally drown

I'm gonna drink it till I finally drown

It's gonna take us down  
Ho-ho-ho-oh, holy water  
Holy water gonna make us drown
