

# I've Got Wheels

Miranda Lambert

Sometimes these wings  
Get a little heavy  
I can't stay between the lines but I'm rocking steady  
When I can't fly, I start to fall  
But I've got wheels  
I'm rolling on

I can't count time  
I can't count money  
But I've been counting every mile for a month on Sunday  
Whatever road, however long  
I've got wheels  
I'm rolling on

Sometimes these wings  
Get a little heavy  
And I can't stay between the lines but I'm rocking steady  
When I can't fly, I start to fall  
But I've got wheels  
I'm rolling on

And when I find a place to live  
I'll stay just long enough to catch my breath  
This life with you will keep me strong  
Damn these wheels  
I'm rolling on

Sometimes these wings  
Get a little heavy  
And I can't stay between the lines but I'm rocking steady  
When I can't fly, I start to fall  
But I've got wheels  
I'm rolling on

I've got wheels  
I've got wheels  
I've got wheels  
I've got wheels  
I've got wheels  
I've got wheels
