

## Santa Fe

Miranda Lambert

We were standin' there, in that desert air  
Starin' at the sunset, the little bit that we had left  
We just met days before, leavin' left us wantin' more  
Man, it felt like somethin', maybe it was nothin' but

Santa Fe

Every year, September, I come back this way  
Hangin' on a memory that won't ever fade  
It lit a fire in me, are you burnin' too?  
All the way in Tennessee, is it callin' you?  
Somethin' in the fall, we may not get it back  
We'll always have Santa Fe

Now, I'm just wanderin' 'round this empty turquoise town  
Spanish guitar playin'  
Without you ain't the same out here in

Santa Fe

Every year, September, I come back this way  
Hangin' on a memory that won't ever fade  
It lit a fire in me, are you burnin' too?  
All the way in Tennessee, is it callin' you?  
Somethin' in the fall, we may not get it back  
We'll always have Santa Fe

Are you burnin' too?  
All the way in Tennessee, is it callin' you?  
Somethin' in the fall, we may not get it back  
We'll always have Santa Fe
