MIRANI

I don't want a whole lotta money
I don't chase bags, I make 'em run from me
But I'll take that power, stack it like a dummy
It's kinda funny
Lightin' up the game, I'ma take it to the moon
No brakes on me I was born to break the rule
I'm the coldest in the tune

Baro ape da nwa
Igeon nae fantasy
Sinhoneun beep beep beep beep
Chapi dabeun eopji
Naega hago peun daero ham

Whip it nice no cap, no stressin' me
Blowin' up quick, no rest in me

I talk like heat, turn up the steam
I talk like queens, no in-between
I talk like truth, cut through the screen
