

# Cry?

MIRANI

I'm a wreck, I'm in rule, I just guess, gotta move  
Rock it, look I been through, I'm a make it, let it move

Cry? Gonna be right  
Cry? Gonna be right  
Cry? Gonna be right  
Cry? Gonna be right, be right

Cry? Gonna be right  
Cry? Gonna be right  
Cry? Gonna be right  
Cry? Gonna be right

Now it's just a story  
I'm movin' solo, no worries  
Cut you off clean, had to play it cold, had to ghost like I'm scary  
I don't buy your lies  
No talk, just vibes  
Too fly, no tries  
You lost this light

I don't know T-Day, every day's my D-day  
Yeah, I create what they replay  
Move on my time, no delay  
Talkin' big game but they get no play  
Pressure don't shake me, I don't ever sway away  
Take my big shot, never let it fade away

I'm a wreck I'm in rule I just guess gotta move  
Rock it look I been through I'm a make it let it move

Cry? Gonna be right  
Cry? Gonna be right  
Cry? Gonna be right  
Cry? Gonna be right, be right

Cry? Gonna be right  
Cry? Gonna be right  
Cry? Gonna be right  
Cry? Gonna be right

I need no fear, I need no pain, chains on me can't hold this flame  
Conscience sharp, it calls my name  
Win my fight, I claim my game  
I keep on moving, never stop to rest  
Nan geujeo nopge  
I gotta rise up high, put my soul to the test

I'm blessed, not gonna fall under  
I wanna rise with thunder  
I'm pulling the wonder  
No time for the blunder  
My voice rolling under  
I break every number  
I'ma tear 'em asunder

Cry? Gonna be right

Cry? Gonna be right  
Cry? Gonna be right  
Cry? Gonna be right, be right

Cry? Gonna be right  
Cry? Gonna be right  
Cry? Gonna be right  
Cry? Gonna be right

Tears don't pay the bills, but...

I'm a wreck, I'm in rule, I just guess, gotta move  
Rock it, look I been through, I'm a make it, let it move

Cry? Gonna be right
