

Bleeding Out

Miriam Bryant

So if I could
Take your breath
Then I would
I would reach into your chest
I would beat it right out
Let myself into your heart
I would beat it to death
Let you

Take my days and throw them right into your night
Rip my heart out take my life
I remember to forget it this right
I don't need to know anything about today
'Cause when your mirror's turning seven size
You have the heart inside yesterday

I am bleeding
I am bleeding out
I am bleeding
I am bleeding out
I am bleeding
I am bleeding out
I am bleeding
I am bleeding out

So if I could have your heart
Painted red, like you said
Chain it to my bed
Get out of my head
Let myself into your heart
Get out of my head
Let you

Take my days and throw them right into your night
Rip my heart out take my life
I remember to forget it this right
I don't need to know anything about today
'Cause when your mirror's turning seven size
You are the heart inside yesterday

I am bleeding
I am bleeding out
I am bleeding
I am bleeding out
I am bleeding
I am bleeding out
I am bleeding
I am bleeding out
