

The Only One

Miriam Bryant

No surprise I've fallen in love with demons
And you've showed me a lie
Too much motion feeds the eye
But you got me

And now I want you to say, that I'm the only one
You lived your life before we've even begun
And like a shot in the back, hear all the whispers turn
Baby, see what I got, I am the only one

Don't try and make me feel
I once had enough of you
I'd still throw me at wars for you
You got me, you got me, you got me

And now I want you to say, that I'm the only one
You lived your life before we've even begun
And like a shot in the back, hear all the whispers turn
Baby, see what I got, I am the only one

Now see what I got, I am the only one
