

Ring Bell

Miriam Makeba

If I could be a shimmering star
I'd shine now, shine now
How I would shine
Someone I love has promised to be
Mine now, mine now
Someone is mine

So ring bell, ring bell
Tell the world that all is well
Ring bell, ring bell
Love is here and all is well

If I could be a beautiful song I'd
Sing now, sing now
How I would sing
Warm is the sunlight in his eyes it's
Spring now, spring now
Suddenly spring

So ring bell, ring bell

Tell the world that all is well
Ring bell, ring bell
Love is here and all is well

Yesterday, just another day
But today everything is going my way
So ring bell, ring bell
Tell the world that all is well
Ring bell, ring bell
Love is here and all is well

I said ring bell, ring bell
Tell the world that all is well
Ring bell, ring bell
Love is here and all is well
All is well
All is well
All is well
