

Alive

Miro Žbirka

Whenever I meet you, you blow me right across the room
Although you're dressed in blue, you wipe out any sign of gloom

And when you're on my mind, you know I just can't work or play
Can't leave your taste behind, I don't know if it's night or day

You got me sweating in my sleep
I'm making plans that I can't keep
You got me running into nets
Still craving love I can't forget

You know it's always inside
You know it's always alive
You know it's always inside
You know it's always alive

Whenever we're in bed, you know I just can't get enough
Although you're wearing red, I'm scared of someone shouting "cut"

And when you're on the set, most everybody looks so bland
I don't know what it means, I really wanna hold your hand

You got me sweating in my sleep
I'm making plans that I can't keep
You got me running into nets
Still craving love I can't forget

You know it's always inside
You know it's always alive
You know it's always inside
You know it's always alive

Whenever there's a storm, keep thinking that you're at the door
Although you're dressed in white, you always leave me wanting more

I know that you're outside, keep begging you to come on in
,Cause we don't have to hide, I don't care where the hell you've been

You got me sweating in my sleep
I'm making plans that I can't keep
You got me running into nets
Still craving love I can't forget

You know it's always inside
You know it's always alive
You know it's always inside

You know it's always alive
