

Country girl

Miro Žbirka

D Country girl, I don't wanna make you cry **A**
D Country girl, won't you only give a smile **A**
Emi **G** **A** **Hmi**
Country girl, don't you see I have to go

Emi
Oh, little country girl
G **A** **D**
I'm leaving with a falling snow

Country girl, I don't wanna make you cry
Country girl, won't you only give a smile - ile
Country girl, don't you see I am not the one
Oh, little country girl
I'm leaving with a morning sun

D Thank you for the days in windmill **A**

D
That you're round

A
Wonder that I have to say clear

D
I'm in long to town
G **A** **Hmi**
I've been with the streets of walls

Emi **G** **A**
Buildings and the night come shows

D Thank you for the days in windmill **A**

D **G, A**
That I have to go down

Country girl, I don't wanna make you cry...

I know you are trying to hide
And I can understand
Lying in the countryside
Is for every man
But always I'm in factories
Backyards window place for trees
I don't want to trying to say
But I'm on my way

Country girl, I don't wanna make you cry...
