

## Girl In the Middle

Miro Žbirka

Saw the yellow hair  
Among the camouflage  
She was very small  
And they were very large  
Watched her wave her arms  
A kind of wild protest  
Looked just like a dance  
And then it was arrest

Pretty little girl in the middle  
Pretty little girl in the middle

Where'd she get the flag  
Symbolizing hurt  
"Power is a drag"  
Printed oh her shirt  
Shouted, "Be ashamed  
Of all the things you've got"  
Told us who to blame  
Then we heard the shots

Pretty little girl in the middle  
Where she's going it's a riddle

She was only tryin  
To tell it like it is  
While innocence was dyin  
In a pool of tears  
Still I can't forget  
Standing in the rain  
Pictures in my head  
Never seen again

Pretty little girl in the middle  
Pretty little girl in the middle  
Where she's going it's a riddle

Ooh... Where's that girl
