

Girl You Know

Miro Žbirka

Girl you know I'll always be around
Past the time the leaves are turning brown
Girl you know
Girl you know I'll never bring you down

Hey you know there'll always be some times
When you have to read between the lines
Gotta know
That it's you I'll never leave behind

In the sky
In the sun
In your eyes
When I run

Down the road
We're so close
Secret codes
That we wrote

Girl you know I'm always there for you
I'll be there to please you when you're blue
Gotta know
Gotta know the time the last train's due

Hey you know I'll always be the same
Sad in sun, and laughing in the rain
As you know
I'll be gone then I'll be back again
