

# Honey

Miro Žbirka

**G, Ami**

**G** **Ami**  
Something's been born right here today

**G** **Ami**  
Hard is so wore, no words to say

**C** **G**  
All that I know, is what I feel

**Ami** **D**  
Something's been born, and that is real

Too well to see, more than the rest  
Just you and me, we know the best  
Life is a dram, when you're alone  
Thank you for that, what you have shown

**C** **G**  
Honey - how did you know

**Emi** **D**  
That I will come to you and make you feel so

**C** **G**  
Honey - maybe you know

**A** **D**  
Maybe you know I need someone to love

Honey - how did you know...

Something's been born right here today  
Hard is so wore, no words to say  
All that I know, is what I feel

**G**  
Something's been born, and that is real

**Ami** **G**  
Uuuh, don't you know what I feel?

**Ami** **G**  
My little lady, don't let it go...

**G, Ami**

Uuuuh...
