

Let's Make A Summer

Miro Žbirka

let's make a summer one another now
sunlight and seashore only guides know how

i'm shy but you are laughing
i am crying that you are going away
my darling let's make a summer now

i'm shy but you are laughing
i am crying and you are going away
my darling let's make a summer now

my darling let's make a summer now

i'm shy but you are laughing
i am crying that you are going away
my darling let's make a summer now

i'm shy but you are laughing
i am crying and you are going away
my darling let's make a summer now

my darling let's make a summer now
