

Singing To My Little Lady

I've been waiting many years for this moment to come
Now I know just how it feels to be with the right one
I tend to think that all that happening was written in the stars
From that home, they've been nothing than the love of ours

Singing to my little lady
Don't you know I sing to you?
I've been tryin' to meet you, baby
Now it's all come true

Singing to my little lady
Don't you know I sing to you?
During the know long time, baby
Now I'm here with you.

You still be so sick and lovely
I could hardly move
But suddenly your world around me
Filled my world with blue

It's feels so want to have you near me
It's nice to know you care
Cus' you know that I'm very pleased with love
that we both share

Singing to my little lady
Don't you know I sing to you?
I've been tryin' to meet you, baby
Now it's all come true

Singing to my little lady
