Mis-Teeq

Mis-Teeq

Sometimes you get happy  
Sometimes you get blue  
No matter the reason life's about what you do  
A little by little you make it somehow  
No use for your worry the time is now.

These days  
I'm walkin' on air  
Just just if you dare and we'll fly (we'll fly so high)  
These days  
I feel so alive  
Wherever we fall we'll survive.

Some people look forward  
Some people look back  
It's now that we're living and thats a simple fact  
Don't ever forget it and don't be confused  
Don't live to regret it or you will lose.

These days  
I'm walkin' on air  
Just jump if you dare and we'll fly (I'll fly so high)  
These days  
I feel so alive (I feel so alive)  
Wherever we fall we'll survive (Oh oh).

These days  
I'm walkin on air (Walkin on air)  
Just jump if you dare and we'll fly (I'll fly so high)  
These days  
I feel so alive  
Wherever we fall we'll survive (wherever we fall we'll survive)

Whatever we try  
Whatever we do  
We live and we die  
It's all up to you  
A new life will grow and follow it through  
And rivers will flow and dreams will come true.

These days  
I'm walkin on air  
Just jump if you dare and we'll fly (we'll fly so high)  
These days  
I feel so alive (I feel so alive)  
Wherever we fall we'll survive (Oh we'll survive)

These days  
I'm walkin on air (I'm walkin on air)  
Just jump if you dare and we'll fly (we'll fly so high)  
These days  
I feel so alive (I feel so alive)  
Wherever we fall we'll survive  
Whatever we try  
Whatever we do

Just jump if you dare and we'll fly  
Whatever we try  
Whatever we do  
Wherever we fall we'll survive  
These Days.
