

Greed Rules The World

Misery Inc.

Greed rules the world.
Greed rules the world.

I have held a headless child,
so don't you come to tell me what life is.
I got to keep this all inside.
Do as we say it's salvation and bliss.
What the hell we're doing here,
meet your demons face to face.
All we do we're spreading fear.
Orders are orders, start counting your days.
Count me out of this I'm thru. Count me out.

None for all and all for one.
Serve your master with joy and pride.
I shame all what I've done.
Do what we say you can't run and hide.
Cheated figures ready to die.
Seek, destroy we'll aim your target.
Shoot, shoot, no questions why.
Death appeal, seeds we've planted.
Count me out of this I'm thru. Count me out.

Greed rules the world and I'm tired of being part of it.
Greed rules the world and I'm trying to get far from it.
Greed rules the world.

Greed rules the world and I'm tired of being part of it.
Greed rules the world and I'm trying to get far from it.
Greed rules the world and I'm tired of being part of it.
Have you ever thought of breaking shackles in your hands?
Greed rules the world and I'm trying to get far from it.
Being part of this will make me swallow my beliefs.

Greed, greed, greed, greed rules the...
Greed, greed, greed, greed rules the world.
