

## Heretics

## Misery Index

Trapped by the Pharisees  
Knowledge lays in waste  
Gnostic alchemy  
Fodder for the hawks of god  
Church battalion siege  
Ivory towers crack  
Did we have the right?  
Did we ever?

The judges call your name  
You're first on the list detained  
As secular casualties  
You're damned before you speak

Heretics bound and buried  
On live streaming feeds  
The prophet spoke no wrong  
His truth is in their screams

The judges call your name  
Your last on the list arraigned  
As secular causalities  
You're damned before you speak... heretic!

1615  
Or 2022?  
My ashes in the Tiber  
Yet a flag is on the moon?  
The vile, the wicked - subject to prejudice

In excess, pogroms ensue  
For atheists and agnostics  
Torture and work camps resume  
Your confession is all that's left  
"Abjure, curse and detest"  
Like Galileo Galilei  
Atone, just like the rest  
Spit your words and leap from the precipice  
Start the rack, turn it back, 500 years AD  
One by one, it's all undone Enlightenment deceased  
None shall defy!
