

# The Harrowing

## Misery Index

Old Hierarchies of race  
A transnational scheme  
Power set into place  
A system of utility

The order to maintain  
These factories of death  
Walls that do restrain  
Autonomic  
As they built it

This was the vision  
Poured into me

A hidden hand  
Lifts the veil  
An artifact  
That does reveal  
A knowledge base  
But limited  
Encrypted  
Concealer's seal

To reveal  
The concealer  
To reveal  
A concealer still

The act of mass unlearning  
Requires a higher means  
And when the fire starts burning  
The crimson red is all see

A hidden hand  
Lifts the veil  
An artifact  
That does reveal  
A knowledge base  
But limited  
Encrypted  
Concealer's seal

Mind inverted  
I am siphoned into Sheol  
Reconstitution  
For the harrowing of hell  
Bathing in your blood  
Eyes wide open  
I bask in the blackness

Descend into the depths  
And siphoned into Sheol  
With the dwellers of death  
For the Harrowing of hell

Bathing in your blood  
Purified and clean

Ascend a killing god  
Poised For the reaping

Descend into the depths  
Siphoned into Sheol  
A god amongst the dwellers of death

The cycle serpent  
Now uncoiled  
All souls are lost  
In the yawning void

To sow the seed  
And fulfill the pact  
To succeed  
A final act

A conqueror  
Inescapable  
A killing god
