

# Dust to Dust

The Misfits

Hey you father  
For you have sinned  
Why did you love  
Let this life begin

I'm not your savior  
I'm not your son  
A forgotten boy  
Abandoned creation

With these final words I pull the switch  
We turn to dust, dust to dust  
My name is like the kiss of death  
And when we embrace we turn to dust

With these final words I pull the switch  
We turn to dust, dust to dust  
My name is like the kiss of death  
And we embrace we turn to dust

Turn to dust  
Ooh, oh  
Mother, father, you've answered me  
Your soulless son, your thing that should not be  
A brilliant people, upon to doubt  
You gave me life, but took the soul away

With these final words I pull the switch  
We turn to dust, dust to dust  
My name is like the kiss of death  
And when we embrace we turn to dust

With these final words I pull the switch  
We turn to dust, dust to dust  
My name is like the kiss of death  
Ashes to ashes, dust to dust  
Dust to dust

Now, we we belong dead  
We belong dead, we belong dead  
We belong

Oh  
With these final words I pull the switch  
We turn to dust, dust to dust  
My name is like the kiss of death  
And when we embrace we turn to dust

With these final words I pull the switch  
We turn to dust, dust to dust  
My name is like the kiss of death  
And when we embrace we turn to dust

We turn to dust.
