

We Bite

The Misfits

1, 2, 3, 4

We walk the streets, I'm out to get you

We bite

Just a feast of gore and blood

We bite

Carnivores live for pleasure

We bite

Strike out like a wolf's endeavor

We bite

And when I get your blood I rip your throat

Your blood I rip your throat

I want your blood, I rip your throat

To drink some blood

We bite, we bite, we bite, we bite

And when I get your blood I rip your throat

Your blood I rip your throat

I want your blood, I rip your throat

To drink some blood

We bite, we bite

And when I get your blood I rip your throat

Your blood I rip your throat

I want your blood, I rip your throat

To drink some blood

We bite, we bite, we bite, we bite
