

## why ?!

Misha B

I opened up my heart and I let you in  
'Cause I did not think you would break everything  
There I stand willing and able  
As I am at your table  
But you were the enemy of progress  
What makes you think I did not notice  
When your words and your actions did not make one  
You broke into my house and you let your bullets run

Why!? Would you do this to me  
When I gave you my all and I loved you completely  
Why!? Would you take all my trust  
Like a lamb to the slaughter, do you like drawing blood

Baby, baby, why'd you do that  
You were supposed to have my back  
Baby, why not honor your word  
You claim we're solid  
But you crumbled like dirt  
Why? Why? Why?  
Why? Why? Why?  
Tell me why?  
Why? Why? Why?  
Tell me why?  
What did I do to deserve this  
I just lost my damn father, why'd you want to make life harder  
Why'd you bring me all this pain  
Why'd you make me fall like rain  
If you had no intentions of loving me right  
Oh my!?

Why!? Would you do this to me  
When I gave you my all and I loved you completely  
Why!? Would you take all my trust  
If you knew all along that

I know why, I know why, I know why  
'Cause it was all about you  
You ain't no man, more like a fool  
Too much woman for you  
Too much power for you  
Too much everything and you could not stay true  
I can't put crown on a clown  
I can't put a crown on a clown

Now I know why!  
Why, why, why you did this to me  
When I gave you my all and I loved you completely  
Why! Why you took all my trust  
You did not deserve me  
You were not enough

Why, why  
When I gave you my all  
Loved you completely  
Why, why, why  
I know why

Gave you my all  
And I loved you completely  
Why, why, why
