Words

Misha

Words that you say
Make no sense when I hear them
So why would you go and repeat
Helpless and lost
Confused I feel when I
See that look on your face
Words that you say
Make no sense when I hear them
So why would you go and repeat
Helpless and lost
Confused I feel when I
See that look on your face

It is not what you say
But it's all in the way
You say those things to me
Killing me inside gradually
Not what you say at all
All in the way I go
Can't put up with you no more
Wanted to stay but I have to go

Words that you say
Make no sense when I hear them
So say those things to me
Killing me inside gradually
Helpless and lost
Confused I feel when I
Can't put up with you no more
Wanted to stay but I have to go

Even if I let you call me
Even if I let you talk to me
No matter how hard we try
We end up with a bitter sweet harmony
Would you, please, do me a favor
Would you stop acting like this
Cause if you can't do me a favor
We're better off if we split

Words that you say
Make no sense when I hear them
So why would you go and repeat
Mmmm, Helpless and lost
Confused I feel when I
See that look on your face
Words that you say
Make no sense when I hear them
So why would you go and repeat
Mmmm, Helpless and lost
Confused I feel when I
See that look on your face

Your words, mmmmm
Your words make no sense to me
Your words, your words, your words
Make no sense to me

Make no sense
Your words, oooh, oooohhoh
Your words make no sense to me
Your words, your word
