

When the Rain Comes Down

Mishka

Baby I've been talking to you, no matter what I said it
seems I could never get through to you No matter what I
said it seems it's been so hard to reach you still I keep
callingyeah and I hope that you'll hear, cause I'm trying
to make it clear
I'll always be there when the rains comes down and I
really want to see you when you come around (2)
