

# New Thang

Mishlawi

Wait a minute  
Count my crackets  
I'm gettin' to it  
Automatic  
Wait a minute  
They was jaggin'  
Get the semi  
(Problem you went dumb on this one)

This right off the valley, I ain't had to park it  
Even my shawty got the bag, we buying all the auction  
I got shoes to fill, I gotta move with caution  
Brought 30 homies now the club looking like it's a moshpit

She want me to check her like the fucking doctor  
And she give me the heads up when her dude is at work  
Try to keep my bread up, it don't settle with her  
It don't really matter, I got plenty more girls

She my new thang, ain't my old girl now it's a bootleg  
She my new thang, she wanna hop in the wave on a Tuesday  
She my new thang, ain't my old girl now it's a bootleg  
She my new thang and she don't want flowers, she want jewelry

For goodness sake, since I got that cake  
I had cut a couple all day  
They knew man had to slam the breaks  
I got the dedication, all I need is patience  
Girl don't bring that baggage, I won't take you on vacation  
All she really want was to hop in that big thang  
Really in the post, check the charge, check the mid range  
That cost me a lot, it's a rock, it's a big thing  
Put her on a trip, on a trip, she gon' miss me

She want me to check her like the fucking doctor  
And she give me the heads up when her dude is at work  
Try to keep my bread up, it don't settle with her  
It don't really matter, I got plenty more girls

She my new thang, ain't my old girl now it's a bootleg  
She my new thang, she wanna hop in the wave on a Tuesday  
She my new thang, ain't my old girl now it's a bootleg  
She my new thang and she don't want flowers, she want jewelry

This right off the valley, I ain't had to park it  
Even my shawty got the bag, we buying all the auction  
Tryna spend time like that money, so we do it often  
Had to bring it to the crib, knock it out like boxin'  
Ain't nobody goin' fuck with you babe  
Free my homie that's up in the cage  
I'm turning my chick not to get anybody  
Catching money, I ain't catching a case  
Ain't nobody goin' fuck with you babe  
I'm 'bout to get it, whatever it take  
Brand new chain gon' hang  
Brand new thang same thing

She want me to check her like the fucking doctor  
And she give me the heads up when her dude is at work  
Try to keep my bread up, it don't settle with her  
It don't really matter, I got plenty more girls

She my new thang, ain't my old girl now it's a bootleg  
She my new thang, she wanna hop in the wave on a Tuesday  
She my new thang, ain't my old girl now it's a bootleg  
She my new thang and she don't want flowers, she want jewelry
