Too Basic

Mishlawi

No one, shows me love like you do but
You always run into someone else
Fast car, Instagram popping off
Its too predictable and it turns me off

To say that I was jaded would be an understatement
The way y'don't keep me waiting I think
These hoes to basic for me, me, me
Basic for me, me, me
To say that I was jaded would be an understatement
The way y'don't keep me waiting I think
These hoes to basic for me, me, me
Basic for me, me, me

I take you places you wanted to go
We back at the hotel off with them clothes
And she in the kitchen just whipping the stove
I give you that work and you give me your soul
She said I'm rich and I said I suppose
I wasn't even just trying to boast
I only hit her when I'm tryna bone
And she only hit me when nobody home
Go and show me where your place is
Money longer than my patience
Know that all these other bitches basic
Only fuckin with me 'cause I'm famous
Go and show me where your place is
I come to you on occasion
Just to show you I ain't tryna waste this no

To say that I was jaded would be an understatement
The way y'don't keep me waiting I think
These hoes to basic for me, me, me
Basic for me, me, me
To say that I was jaded would be an understatement
The way y'don't keep me waiting I think
These hoes to basic for me, me, me
Basic for me, me, me

Girl you got me jaded
I don't face the facts
You move way too fast
You move you move way too fast
Thought we were like Bieber and Hailey but then you passed on me
You hit the gas on me oh you hit the gas though
That's why I always make sure to pull up in that big old range when I hop on stage
Louis V bag and that gold on my teeth got shades on they don't really know a bout me
Oh what they know about me
Oh not a God damn thing
I need to come back to my senses you got me senseless and reckless
