

## Angels

Mishon

I dream about you when I'm sleepin'  
I dream about you when I'm woke  
If lovin' you will be the death of me  
Then death is where I plan to go  
But somehow I know that that's not  
In our [?]

If lovin' you cost me energy  
Then that means it'll never die  
Of all the other places we could be  
Somehow you ended up with I  
Sometimes I'm smilin'  
Look up and say, "You did that, girl"  
Ooh, na, yeah

Somethin' took control of me  
You tell me to take control of you  
Got you flowin' like the Amazon  
And you're sweet as mango fruit  
Now every night, dive in your waves  
'Cause you [?]  
Oh, girl

If lovin' you cost me energy  
Then that means it'll never die  
Of all the other places we could be  
Somehow you ended up with I  
Sometimes I'm smilin'  
Look up and say, "You did that, girl"  
Ooh, na, yeah

Sometimes I'm smilin'  
Look up and say, "You did that, girl"  
Ooh, na, yeah
