Baby
Won't you lead
Head out from where you came in
'Cause I know he got your heart [?]
Plus that ass fat so I ain't complainin'
I ain't complainin', no

We fuck and we lay it up
Say you don't see me enough
Remember you used to run from the D
Now, I really see ya keepin' up
Now you really let me beat it up
I'm OD when I eat it up
OD, girl you know what's up
All up in your ear, am I deep enough?

I'ma get you high for the night, I
Should come and spend a night for the night, ay
I'ma get you right for the night, yeah
I'ma get you right for the night, yeah
Get you what you need in your life
You could be my squeeze for the night
All you gotta do is swing by
And I'ma get you right, baby
I'ma get you right, ooh-ooh

And I'ma get you right for the night, I
I'ma get you right for the night, I
I'ma get you right for the night, yeah
You could be my squeeze for the night
And all you gotta do is swing by
And I'ma get you right, baby
I'ma get you right, ooh-ooh

Baby
Never did I want nothin' too serious
You weren't just taken, you were curious
Seems like every summer, there's a new nigga you tryna leave
And you come bring it right back to me, then we

We fuck and we lay it up
Say you don't see me enough
Remember you used to run from the D
Now, I really see ya keepin' up
Now you really let me beat it up
I'm OD when I eat it up
OD, girl you know what's up
All up in your ear, am I deep enough?

I'ma get you high for the night, I
Should come and spend a night for the night, ay
I'ma get you right for the night, yeah
I'ma get you right for the night, yeah
Get you what you need in your life
You could be my squeeze for the night
And all you gotta do is swing by
And I'ma get you right, baby

I'ma get you right, ooh-oo

And I'ma get you right for the night, I
I'ma get you right for the night, I
I'ma get you right for the night, yeah
You could be my squeeze for the night
And all you gotta do is swing by
And I'ma get you right, baby
I'ma get you right, ooh-oo
And I'ma get you right, baby
I'ma get you right, ooh-oo
