Mishon

I might have to talk that  
Talk that shit  
Hold up let me talk that shit

I might have to talk that  
Talk that shit

I'm 'bout to pull up on a bad one  
Somethin' way better than the last one  
Somethin' way wetter than the last one  
Damn it been a minute since I had one, yeah, yeah  
And this one dedicated to my ex  
Let her know I'm on to the next  
I really only miss her for the sex  
I'mma 'prolly send her ass a text and let her know

I'm so happy, you don't even know  
And I bet you think of me when you all alone  
And I bet you need me now that I'm gone  
I guess what I'm tryna say is oooh, yeah

Ain't no running back, ay  
Ain't no coming back, ay  
Need to stay in yo place (oooh)  
Don't be all on my page  
Don't be calling me late  
Stay in yo lane

(Oooh) I might have to talk that  
Talk that shit  
Hold up let me talk that shit

(Oooh) I might have to take that  
Talk that shit

Yuh  
Turn up, turn up, turn up  
Money from the fame so I gotta go up, yeah  
Th-th-three bad things and they finna pull up, yeah  
Finna get strange for a nigga wassup, yeah  
All of this grindin' is for the fam  
You see me on tv, you know who I am  
And all your new boyfriends wanna be me  
And I know you can tell everytime you see me  
When you see me

I'm so happy, you don't even know  
And I bet you think of me when you all alone  
And I bet you need me now that I'm gone  
I guess what I'm tryna say is oooh, yeah

Ain't no running back, ay  
Ain't no coming back, ay  
Need to stay in yo place (oooh)  
Don't be all on my page  
Don't be calling me late  
Stay in yo lane

(Oooh) I might have to talk that  
Talk that shit  
Hold up let me talk that shit

(Oooh) I might have to talk that  
Talk that shit, yuh

I might have to talk that  
Talk that shit  
Hold up let me talk that shit

I might have to talk that  
Talk that shit
