

Every Boy

Miss Benny

I've been in the hills, makin' big boys cry
I've been in my fields, makin' up for lost time
(I just wanna kiss a boy, like every day)
(I just wanna kiss a boy in every state)
And I been picking rose petals out in LA
I've been skinny dippin' while I'm sippin' Rose
(I just wanna kiss a boy, in every place)
(I just wanna kiss a boy and get away)

It's not enough, yeah
(It's not enough, it's not enough)
It's not enough, yeah
(It's not enough, it's not enough)
Can't get enough, yeah
(Get enough, get enough, it's not enough)
Can't get enough, yeah
(Get enough, get enough, it's not enough)

I just wanna kiss every boy in the world
I just wanna kiss every boy in the world
I just wanna kiss every boy in the world
I just wanna kiss every boy in the world
I just wanna kiss every boy in the world
I just wanna kiss every boy in the world
I just wanna kiss every boy in the world
I just wanna kiss every boy in the world

I've been lip lickin' with my kicks to the sky
I've been hair grippin', I've been sittin' so fine
(I just wanna kiss a boy in every month)
(I just wanna kiss a boy, it's all I want)
And I've been roughhousing with a bad boy crew
I've been gettin' rowdy with a bad attitude
(I just wanna kiss a boy at every stop)
(I just wanna kiss a boy and keep it hot)

It's not enough, yeah
(It's not enough, it's not enough)
It's not enough, yeah
(It's not enough, it's not enough)
Can't get enough, yeah
(Get enough, get enough, it's not enough)
Can't get enough, yeah
(Get enough, get enough, it's not enough)

I just wanna kiss every boy in the world
I just wanna kiss every boy in the world
I just wanna kiss every boy in the world
I just wanna kiss every boy in the world
I just wanna kiss every boy in the world
I just wanna kiss every boy in the world
I just wanna kiss every boy in the world
I just wanna kiss every boy in the world
I just wanna

(Kissin' on the run, never be the one)
(Speeding like a bullet) From a shotgun ricochet

(Kissin' on the run) Never be the one
Kissin' on the run, kissin' on the run, oh, yeah
(Kissin' on the run, never be the one) No
(Speeding like a bullet from a shotgun ricochet)
(Kissin' on the run, never be the one)
(Kissin' on the run, never be the one)

'Cause I just wanna kiss every boy in the world
I just wanna kiss every boy in the world
I just wanna kiss every boy in the world
I just wanna kiss every boy in the world
I just wanna kiss every boy in the world
I just wanna kiss every boy in the world
I just wanna kiss every boy in the world
I just wanna kiss every boy in the world
I just wanna

Got one in my texts, one in my head
One in my bed and I want him, yeah
Yeah, I want him, yeah
Yeah, I want him and all of his friends, yeah
Damn
