

## 3rd Degree

Miss Fortune

You tried so hard to listen  
But you never understand  
Well I'm glad you're so indifferent  
'Cause it's dead and gone today  
You're wrong  
You know it's not the first time you've been told  
And I know  
You're so entertaining  
Honestly  
You were never there for me  
Despite how many times I tell you  
You still give me the 3rd degree  
You tried so hard to listen  
But you never understand  
Well I'm glad you're so indifferent  
'Cause it's dead and gone today  
Baby, please; listen to me  
I'm stuck in a nightmare  
I'm overseas; plagued by disease  
While you're caught in the middle  
Honestly  
You were never there for me  
Despite how many times I tell you

You still give me the 3rd degree  
I'll let it go  
Reap what you sow  
I'll admit I'm terrified  
Of where you'll be when I backslide  
Provoke me with all your regrets  
'Cause you're so controlling  
You tried so hard to listen  
But you never understand  
Well I'm glad you're so indifferent  
'Cause it's dead and gone today  
You're wrong  
You know it's not the first time you've been told  
And I know  
You're so entertaining  
Honestly  
You were never there for me  
Despite how many times I tell you  
You still give me the 3rd degree  
I'll let it go  
Reap what you sow  
You still give me the 3rd degree
