

# Black Pixie (On The Edge)

Miss Fortune

So pretentious  
Doin' the most  
I can't stand to see you go  
From diagnosed to overdosed

When you deserve the utmost life  
You'll be a good wife  
Accomplish all your plans  
You say that you can't  
I know that you can  
Just give yourself a chance

Down the bottle and send me a message  
Won't you give me a sign that you're still on the edge?  
Then you'll claim that you learned all your lessons  
But you'll be the last nail in your coffin

Down the bottle and send me a message  
Won't you give me a sign that you're still on the edge?  
Then you'll claim that you learned all your lessons  
But you'll be the last nail in your coffin

You stayed silent but chose violence  
Never wanted to be caught in your wake  
I've been tryin' to be the right man  
Promise me that you won't forget my name

You deserve the utmost life  
You'll be a good wife  
Accomplish all your plans  
You say that you can't  
I know that you can  
Just give yourself a chance

Down the bottle and send me a message  
Won't you give me a sign that you're still on the edge?  
Then you'll claim that you learned all your lessons  
But you'll be the last nail in your coffin

Down the bottle and send me a message  
Won't you give me a sign that you're still on the edge?  
Then you'll claim that you learned all your lessons  
But you'll be the last nail in your coffin

You stayed silent but chose violence  
Never wanted to be caught in your wake  
I've been tryin' to be the right man  
Promise me that you won't forget my name

She's sick of showing the scars underneath  
She makes my heart beat so effortlessly  
She confiscated my heart like a thief  
Despite what you're sayin' she's leavin' with me

Down the bottle and send me a message  
Won't you give me a sign that you're still on the edge?  
Then you'll claim that you learned all your lessons

But you'll be the last nail in your coffin

Down the bottle and send me a message

Won't you give me a sign that you're still on the edge?

Then you'll claim that you learned all your lessons

But you'll be the last nail in your coffin
